

NQS v1.1 Release Notes

New Functionality/Major Enhancements

- 26788/26877: Allowed OMs and TMs of organizations with the “Manage Training Courses” organization feature turned ON to create new curriculum schedules
 - A curriculum schedule is a class associated with an existing training course
- 26796: Added a new “Curriculum Schedule” menu option under “Resource Catalog” to house curriculum schedules offered by the context organization
 - List has color coding based on when the curriculum schedules start
- 26851/26856/26910: Added the ability to create a new curriculum schedule on the Training Course Details page
 - Curriculum schedules can be created for any course found in the context organization’s All Training Courses page
 - Date, Time, Time Zone, Location, Number of Seats, and other Features can be determined when creating a curriculum schedule
 - The Training Course Details page lists the curriculum schedules for all offering organizations, but there will be limited access to the curriculum schedule detail pages based on the current organization set context
- 26803/26905/26907: Created a Curriculum Schedule Details page for the Organization Manager
 - General Information houses training course, sponsoring organization, offering organization, and specific details about each respective curriculum schedule
 - Curriculum Delivery Settings such as the number of total seats or ability to award credit can be changed at any time
 - Supporting documents can be attached to curriculum schedules
- 26843/26909/26845: Allowed curriculum schedule to have registered students
 - Only admins can register students or cancel student registration
- 26912: Added ability for admins to send messages via email to the offering organization’s training staff and/or registered students
 - Send message button is located in the top right-hand corner of the curriculum schedule details page
 - All messages are recorded in the Messages grid
- 26921: Allowed Training to be awarded when the curriculum schedule Date and Time has passed
 - If the Award Credit feature is turned ON, the training course associated with the curriculum schedule is awarded to all registered students after the End Date and Time has passed
- 26857/26860/26867: Added curriculum schedule information on the Responder Portal
 - If a personnel is registered for a curriculum schedule, they can view their Training Class information via the “Training” grid on the dashboard
 - If the personnel is registered for multiple training courses, the list will be sorted via color coding based on when the class starts
 - Training Course Info page allows the personnel to view the curriculum schedule details and any messages from admins

Minor Enhancements

- 27742/27355: Updated how Date Filters work
 - To view all courses scheduled through a specific range of dates, enter both a start date and end date to conduct your search.
 - To view all courses scheduled after a certain date, enter that date in the "Start Date" search box to filter the results appropriately.
 - To view all courses scheduled prior to a certain date, enter that date in the "End Date" search box to filter the results appropriately.

Notes:

- Numbers listed are used for internal tracking purposes
- Abbreviations
 - OM = Organization Manager
 - TM = Training Manager
